

21st Annual Conference

Our Partners

Controlled F.O.R.C.E.

Tony Grano – Executive Director

Will bring his cadre of instructors and provide the following training:

Controlled F.O.R.C.E will certify or re-certify Instructors in the Controlled Force Mechanical Advantage Control Holds (M.A.C.H. TM System) The M.A.C.H. System which is an established national standard of subject control and defensive tactics training has been adopted into Law Enforcement since 1997. The M.A.C.H. TM Training System is Technically and Medically and Legally Acceptable training standard approved in 28 States.

Situational Awareness & Verbal De-Escalation:

This training familiarizes students with recognizing warning signs of potential violence, designed with streamlined specifications encouraging the course participant to critically think and constantly reevaluate the circumstances that have contributed to incidents of crisis, disruption, or unacceptable behaviors.

Arrest Control Tactics:

Defensive Tactics Training based on the M.A.C.H. TM (Mechanical Advantage Control Holds) Training System addressing passive resisters, protesters and / or non-compliant subjects.

Officer Self-Defense Training:

Survival Tactics Training covers unexpected sudden and violent attacks from extremely aggressive attackers. These drills are designed to protect the officer and others from bodily harm. This training coincides with Arrest Control Tactics

ThinBlueOnline

Chad Emmons – VP of Business Development

Mr. Emmons will discuss the company’s Law Enforcement contributions and accomplishments, which include services provided.

John DiGiantomasso – President

Technology, Systems, and Benefits:

Mr. DiGiantomasso will discuss the technology and benefits of their systems. ThinBlueOnline utilizes the Verbal Options Simulator (VOS) to deliver practice-based learning that builds new Neural Pathways for improved social and communication skills. Learners respond verbally through realistic individual scenarios, backed up with Role Models, Key Elements, and Insights to facilitate learning.

While virtual simulators featuring shoot/don’t shoot scenarios have been around for years, there has never been a tool for law enforcement officers to build proficiency in Social and Communications Skills... until now.

Best of all, this Innovative Technology is available Today, and accessible on Common Devices such as Laptops, Tablets, and Mobiles 24×7. This makes training possible anytime, anywhere, and at Affordable Prices that fit the Budgets of Law Enforcement Organizations Large and Small.

The Hemingway Group

Scott Hemingway – Owner/CEO

The Hemingway Group, LLC (THGLLC) is a Security Consulting service that specializes in finding solutions to the multidimensional and asymmetrical security issues that continually plague Government Agencies, All Types of Businesses, Educational Institutions and Healthcare Systems. We provide your organization with the best protection and awareness training for mitigating threats. Additionally, THGLLC provides a multitude of training formats to ensure the survivability of your personnel and resources.

Silverback Safety & Training Solutions

Silverback is truly honored to have SMEs like Dr. Platoni and Dr. Jackson as an integral part of our team. They indeed have a well-earned and well-deserved place of honor in the description...

Dr. Kathy Platoni – Psy.D., DAIPM, FAIS, COL (RET), US Army, COL, Ohio Military Reserve/State Defense Forces

A survivor of the tragic Ft Hood Massacre in November of 2009, Dr. Platoni will provide a first-hand account of the events that occurred. She will discuss the trauma associated with being involved in such violent incidents, which will include the importance of understanding the body’s psychological and physical reactions. Furthermore, Dr. Platoni will provide her expertise on the Pathway to Violence, the Bystander Effect and the importance of Threat Assessment Teams.

Dr. Gary Jackson – PhD, CEO & President of ANBECO, LLC.

Dr. Jackson will provide expertise in explaining the ever-evolving cyber threat environment. He will discuss the importance of threat recognition, environmental awareness, and countermeasures to protect critical systems. Dr. Jackson will explain the threats that are present in global and network domains.

Troy Lowe – Silverback CEO / Swat Medic

The SILVERBACK STS CADRE is comprised of combat Veterans, a few alphabet types and current SWAT operators and TEMS medics. We offer our clients a peek into an “in your face” and realistic life-saving hands on stress inoculation training, which is better than anything you'll find on the market.

We shine the light on the scenarios that keep you up at night. Some officers are lion style aggressive with "Ill lay down my life if I have to and hope for the best!" Admirable, but the fact is you will fall to the level of your training and equipment. Besides, hope is not an effective strategy for survival.

How about we keep the lion attitude, but add in a lifesaving skill-set? More of our warriors will survive with this mentality and tactical proficiency. We train these scenarios to break it, fix it, and repeat until we can't break it again. You'll walk away from a full course capable and confident with your newly acquired life-saving skill set and equipment use. (The time to master these is not during the event) Scenarios are varied but may include a knock & talk gone bad, road stop gone wrong, DV escalating into an MCI.

We look forward to showing you our expertise, but more importantly, we look forward to training with you!
